

# Doboy Horizontal Wrapper and Infeed Modernization Programs

[www.boschpackaging.com](http://www.boschpackaging.com)

**BOSCH**

Invented for life

Before

After

Save 25 to 30% off a comparable new machine. Modernize your idle or outdated Doboy wrapper to achieve the performance and safety levels of a new machine.

## Same Quality, Reduced Costs

- ▶ New electrical and mechanical components installed using the latest technology found on new machines
- ▶ Updated safety features - guarding and safety interlocks
- ▶ Frame cleaned and repainted- remanufacture

## Improved Performance

- ▶ Rebuilt machines are often faster and more efficient than original machines
- ▶ Automation capabilities are upgraded to allow infeeds and integration into upstream and downstream operations
- ▶ Machine is customized to your specifications and tested for optimal performance
- ▶ State-of-the-art controls improve reliability

## Practice Sustainability, Go Green!

- ▶ Recycling and modernizing your existing machine uses significantly less material than a new machine

## Fast Turnaround

- ▶ Typically, most refurbished machines can be up and running 6-10 weeks from receipt of purchase order
- ▶ Our engineers work with you to meet your deadlines
- ▶ Rental machines are often available during rebuild

## Same Bosch Service

- ▶ Same technical training and service available as new machine purchases
- ▶ No more frustration trying to get outdated parts, all parts are supported
- ▶ Standard new machine warranty available for remanufactured machines
- ▶ Certified training programs are offered to ensure fast start-up and increase productivity

## Upgradeable Doboy Wrappers:

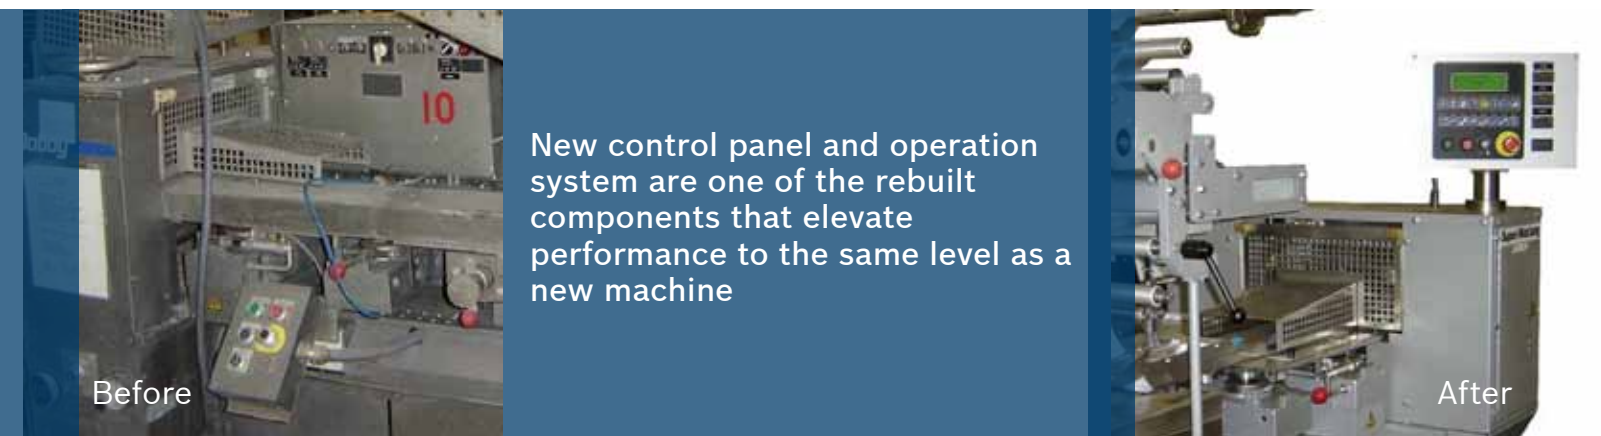

- ▶ J-Wrapper
- ▶ Super Mustang
- ▶ Mustang IV
- ▶ Servotronic
- ▶ Microtronic
- ▶ Super H
- ▶ H-400
- ▶ SK J-Wrapper
- ▶ SK Super Mustang
- ▶ SK Microtronic
