

Edge NX

i4.0 intermittent motion
VFFS bagger

The Edge NX is the latest generation of i4.0 VFFS packaging technology. Designed from the ground up to be compact, smart and deliver high production per square foot.

remote support

get the edge with PurPak's i4.0 features like remote support and many more

eco materials

validated on PP/OPP, paper, compostables, mono-materials

SMED principles

increase OEE by reducing changeover time and operator error

up to 110 cycles/min

increase your production per square foot

SPECIFICATION

Speed	Up to 110 cycles/min
Bag width (min-max)	2-15"
Machine dimensions	4' 5"(W), 7'(D), 5' 1"(H)
Packaging materials	PP/OPP, PE, paper, compostables, mono-materials, laminates / barrier film and other heat sealable materials.
Power requirement	208-480V 3 phase
Pneumatic consumption	1 litre / bag / min
Pneumatic connection	80PSI / ø8 mm

PACK STYLES

Pillow

Pillow with gusseting

Block bottom

Quad bag

KEY FEATURES

Color touchscreen HMI

OMAC pack ML logic

200 product recipe capacity (expandable)

Icon-based and multi-lingual

OEE dashboard*

Advanced product in seal detection

Constant web tensioning

Rapid size change

Remote support*

Closed compact frame, twin option

Intermittent motion

Servo-driven jaws

Direct-drive servo pull belts

Motorized film unwind

Pneumatic expanding reel shaft

Film auto tracking*

MAP/gas injection*

PEC for printed film*

Many more...

*optional
